Drs. France & Arthur Janov
Founders

October 01, 2018

Dear patient,

It is with mixed emotions that I am announcing my retirement as Director of the Primal Center, effective November 1, 2018.

Directing the Primal Center - along with Dr Arthur Janov - Art - has been a most extraordinary part of my life for many decades.

Watching you explore and feel your feelings, being the deeply happy witness of your progress towards a life free of childhood pain, was such a rewarding venture, that it was all I needed as a compensation for my work as the Director of the Primal Center.

It is not easy for me to give it up, but I have reached a stage of my life where I need to be free of work and responsibilities and have more time for my family, my friends, and myself.

As of November 1, 2018, our current Clinical Director Ken Seman, LCSW, will be taking over the direction of the Primal Center. Our great therapists' team remains unchanged and you can rest assured that the care you will receive will be as remarkable as it has always been.

I am pleased to have Ken Seman as the head of the Primal Center and I am confident he will brilliantly continue what Art and I started.

Ken Seman completed our training and was a part of our staff for several years. As a result, he has an extensive knowledge and understanding of Primal Therapy. Therefore, I am glad and totally at peace to leave our patients in his capable hands. With the expertise and contribution of all our therapists, Primal Therapy will continue to apply Art's vision and scientific basis to help our patients feel their pain and free themselves from it.

Because we are still finalizing the details of this transition, you may find the Primal Center operating under a slightly different name at a future date. Again, please rest assured that the Primal Center's core mission will remain the same."

Your medical records are confidential. If you plan to continue your therapy with this office, please sign the attached authorization form to release your file to Ken Seman and return it to our office Manager Marie Hascoet by October 31, 2018. Your records will remain on file at the Primal Center.

Over the years, I have greatly valued my mission as the Director of the Primal Center. My time, my expertise, and being the witness of all the extraordinary beneficial effects of the therapy was the only reward for my work and all I wanted as Primal Therapy had saved my life. It was fascinating, moving, and highly rewarding and kept me immensely close to the love and genius of my life Art, Dr. Arthur Janov.

I want to thank all of you for your trust, loyalty, and friendship over the years.

I wish you the best for the rest of your lives.

Dr. France D. Janov
